SPECIAL NEWS.

The case of Mrs. F. T. Parkhurst, of Turner, charged with murder, is set down to go to Lewiston after the Androscoggin convenes. The house was soon covered with soap, galloping across the village, whisper & driver, just before noon. He dashed up the street and ran into Woodbury's stable. The boy was thrown out, but was not much hurt, and came after the boys in the afternoon. The horse did not seem to be any the worse for his long run.

A sad story is reported of a sheep thief and wholesale rum manufacturer of Jefferson, by the name of [illegible]. He sent them out to a way station, one night last week to get a load of rum. They secured the cargo all right, dodged through the police platoons on the city [illegible] the depot on Water street, and pocketed the cash. The next day they disappeared, and the owner of the liquor did not get any returns. Very little is now heard from all the [illegible] who in their relatives in Lewiston require a large train there. Among them the head whipped on board of a vessel in Portland for a long voyage. The rum smuggler is said almost [illegible] on this [illegible].

A young lady of Lewiston recently received as a present from a wealthy uncle, residing in Colorado, most of the animal [illegible] valued at ten thousand dollars. It is a body to [illegible] to have snakes, of course she ought to have rich ones.

Considerable.

Thursday morning Mr. Martin of Falmouth, accompanied by several Friday passengers, on the train for Portland a load of hay. The load was on wheels drawn by a horse. Just beyond the draw a heavy gust of wind upset the load, throwing Mr. Martin, who was on it heavily to the planking of the bridge, and breaking one of his legs.

Wednesday evening an old gentleman named McGowan of Portland, was coming down street, when he slipped on the sidewalk and fell heavily, striking on the back of his head. He lay senseless for a short time, until some gentleman who saw the accident assisted him to his feet. Fortunately no bones were broken.

Dreadful.

Messrs. L. B. Knowlton & Son of Surry are the largest sheep raisers in the county. They own [illegible] sheep and lambs. One hundred of these are thinbloods purchased in Vermont at last fall, and selected from different flocks. One-third of these are bucks. This large flock of sheep are all of merino stock, and have been upon the farm three years. They are a black shepherd. Only one of the number of that kind kept at the present time in the village.

Rev. C. Morrison ordained by Mrs. Clark's Ridge [illegible] Conference of Methodist Episcopal Church. Sermon [illegible] preached, many of them fresh [illegible] and [illegible] were commenced, a revival [illegible]. The interest seems to be increasing.

Schooner Annie Riley, 232 tons burthen, built in Tremont in 1871 by Samuel Wass & Co. has recently been sold to parties in Savannah, Ga., for eight thousand dollars.

The Argus says that Daniel Smith, who for a few years past has lived in Lovell, committed suicide Thursday by taking a dose of morphine. Some weeks ago he attempted to free himself from life by taking Paris green. Domestic trouble.

Mr. Lucius Packard of Auburn, is logging on A. K. Foster's at Canton Point, hauling his lumber at Stubby's mill; has it sawed and hauled to the railroad for transportation. His teams have already got in nearly three hundred thousand feet. The [illegible] mill is one mile from Canton Point on the road to Livermore Corner. It is the only water power mill in town, the water being sufficient to work throughout the year. Mr. Stubbs is an experienced mill man. His lumber always gives satisfaction.

Messrs. Gott & Merrill are doing a good business at the stave mill in Canton. Nearly one hundred cords of poplar and maple is now piled and ready for the mill. Two hundred cords of the maple they are to have to get 1500 cords.

At a town meeting held in Canton on the 16th the town voted to exempt from taxation any company that would build for the manufacture of pulp.

Considerable.

Mr. Leonard Gould, of Bath, engineer on the K. & L. ferry boat, standing on the wheel at the ferry slip, Thursday, was caught by a rope around the waist and thrown overboard. He was rescued by a boat manned by engineer Sprague and the regular crew.

Gentlemen of Brunswick and Topsham, met at Wilson P. Walker's house, Topsham, Feb. 9th, and formed a business men's association of the two towns. The object of the association is the social intercourse, for the encouragement of manufacturing and for the welfare of interchange among the citizens of the two towns and for business and employment. Col. Walker recommended the appointment of judges officers, committees on membership, finance, public notice and correspondence, real estate and privileges, arbitration and by-laws. The officers are as follows: President, W. P. Walker; Vice President, J. S. Stover; Corresponding Secretary, A. G. Gould; Secretary and Treasurer, E. A. Burnell; Committee on Finance and Real Estate, Allen Oakley, W. E. Farrington, J. Burnell, C. C. Whitehouse, D. E. Snow, L. E. Smith, A. G. Pennell; Committee on Reception, A. S. Brewster, F. C. Jordan, W. P. Field, E. A. Dunlap, H. C. Martin; Committee on By-laws, Daniel Mitchell, Judge Orr, S. S. Wing.

The Bath Times says: The schooner Mary Stevenson is ready for sea, and will sail for a southern port with ice and return in connection with a cargo of coal. Capt. Gould & Sawyer's new brig, just launched from the ocean to get it on the vessel's ways. Never in doing the work will accidents occur. The spars have been placed in the new brig at Harnden, Dunn & Sawyer's yard, and will be put in by Capt. Gould. The brig will be ready for launching in a few days. Master Sawyer has a number of steamers under his charge, and has gone on the Kennebec coast to look after them. They are running up to Augusta and Gardiner. The yard is still open to put up many more vessels. They have gone to building as soon as the ice left the water. All the stocks are out of the way.

At Goss, Sawyer & Packard's there is now collected a fleet. Ten boats are planked, and a boat launched for still another vessel. At Sewall's yard the new ship is all called up, and waiting for planks. She will be about 2000 tons. Kyes, Fox, Sawyer is building a schooner of 600 tons, which is half planked up, and has the keel laid for another vessel.

Wages.

J. W. Sturdivant & Co., saloon keepers, have shorts in Bethel, say that there is a great demand for vessels at this time than there has been at any time in the past four years. Hardly a brig arrived without a half a dozen letters asking if vessels. Freights have gone up. A fair trade has ruled the best that was ruled last year. Lumber freights are all said. Quoted on board from Portland to New York against $3.75 last year, and the lower yard for loading. Vessel owners anticipate a good season's work.

Bill for the protection of ducks, pending its third reading, was tabled on motion of Hall of Calais.

Adjourned to Monday, 4 o'clock P M

More Fraud and Forgery at Election Returns

The investigating committee on election returns will give their first public hearing on Tuesday afternoon or evening next, when witnesses from Oxford County who have been summoned will be present and tell how the returns from that county were fraudently manipulated Convincing proofs of forgery and other crookedness in amending returns will be shown. The Washington County cases will be taken up by the committee just as soon as the witnesses reach here. The evidence of fraud in these cases is overwhelming.

Other Matters.

Governor Davis will return on Monday afternoon

On Monday a resolve will probably be reported in the Senate appropriating some $20 000 for reconstructing the militia.

The Fraud Investigation.

[BY ASSOCIATED PRESS.]

AUGUSTA, Feb 21 Mr Hale's committee had before them Friday night the selectmen and Town Clerk of Albion, and elicited certain facts in keeping with those from Lincoln county, but which are not now to be made public. Several open sessions of the committee are to be held next week at which the Oxford county forgery and other cases will be considered. Charles B. Rounds, the counsel and County Attorney of Washington, will show what he alleges to be frauds in the election returns in the county. The committee intend either by open or secret sessions to elicit all the facts possible to be obtained under the orders by which they are operating

The Railroad Committee

On Thursday afternoon next the railroad committee will have a hearing on the following important bills: an act relating to railroads and their liabilities; an act further to provide for the safety of travel on railroads, an act relating to railroads, as are to authorize the Knox & Lincoln Railroad Co, to change its location.

FROM PORTLAND

Nomination for Mayor.

PORTLAND, Feb. 21 The Republicans have nominated William Senter for Mayor.

Relief for Ireland.

The private Irish relief fund raised by Father Denis M. Bradley closed to-night, and $4,300 has been raised and forwarded to Ireland.

GOV DAVENPORT BOSTON.

His Reception by the Middlesex Club.

BOSTON, Feb. 21. The Middlesex Club this afternoon tendered to Governor Davis of Maine a complimentary reception and banquet at Young's Hotel, at which a large number of distinguished gentlemen participated, among them Governor Long, ex Gov Rice and Henry B Pierce, Secretary of State Governor Davis briefly acknowledged the courtesy of the receptions, rehearsed the history of the recent troubles in the State and concluded as follows:—"Wrong might have been crushed out as it would crush an egg shell, but it was their decided that Republican institutions should fall, could sustain themselves without recourse to force. Yes, during all this excitement, despite loud cries there was not so much as one hat crushed off."

OBITUARY.

Death of Rev. Dr. Hall.

ALBANY, N. Y., Feb. 21. Rev. Dr. Hall, Secretary of the American Board of Foreign Missions, died suddenly to-night.

THE CZAR'S PERIL.

A MONARCH IN TERROR.

The Moscow Explosion,

Nine Soldiers Killed at the Winter Palace.

LONDON, Feb. 21. The Duke of Edinburg received the following telegram from the Duchess of Edinburg, at St. Petersburg: "The explosion in the Winter Palace was caused by dynamite. Nine soldiers were killed. An extra guard is on duty at the palace."

Arrested on Suspicion.

PARIS, Feb. 21. The Russian arrested charged with being connected with the Moscow explosion is named Karl, alias Meyer, alias Hartmann, and is believed to be the same man who rented and occupied the house in Moscow whence the explosion of the mine under the railway was reported. If this is established he will be surrendered.

Mysterious Threatenings.

VIENNA Feb 21. The Tagblatt relates that for some days past the Czar has received a sealed letter containing a few words of menace, and saying that if he did not change his system of oppression he would but live to celebrate the 25th anniversary of his accession. The sheet was always bordered with black. All efforts to discover the person who conveyed it to the Emperor's room were unsuccessful

Unsuccessful Race of the Czar of all the Russias

BERLIN, Feb. 21 Lately the Czar has hardly ever left the Winter Palace but when he went abroad he was surrounded by mounted officers who concealed the carriage and protected the inmate with their bodies. In the palace he was accessible only to the diplomatic dignitaries and officers of the household. At the chapel detectives occupied the seats formerly reserved for his distinguished visitors. Detectives infested the kitchen and every dish was tasted by persons of rank, specially selected for the purpose The Emperor did not even venture to open his letters, documents brought in boxes being repeatedly been examined.

Blowed Respectively.

LONDON, Feb. 21 —St. Petersburg despatch states that six more soldiers wounded by the explosion in the Winter Palace have died

Berlin despatches says It is reported the Czar wishes a state of siege to be proclaimed all over Russia.

A despatch from St Petersburg states that the commander of the Palace has been placed under arrest.

IRELAND'S DISTRESS.

The Appeal to France.

DUBLIN, Feb 21 The committee of the Mansion House fund in their appeal to the French people state that considerable gifts and promises of help have been received from Great Britain, the United States and elsewhere, and they count on a generous response to their appeal to France.

Socialist Agitation.

LONDON, Feb 21 A despatch from Rome to the Standard says that strictly confidential reports respecting the nature of the agitation in Ireland have reached the Pope and show it to be largely due to socialism. Very precise instructions to the Irish Bishops are being prepared, exhorting them to take care that in relieving the distress they do not play into the hands of those who are working for political objects.

Food From St Louis

St. Louis, Feb., 21. Twelve carloads of flour and meal have been shipped to New York by the Irish Relief Committee of the Merchants Exchange. Each of the roads running east took part of the shipment free. The supplies will be shipped to the Liverpool Corn Exchange, that body having consented to act as distributors.

The Bounce Whitewashed.

DUBLIN, Feb. 21. The distress in Ireland grows more widespread daily. It is only through the admirable machinery of distribution organized by the Mansion House and Marlborough committees that actual starvation is checked. The famine will probably intensify during the coming fortnight after which for a short period it will probably be less severe in consequence of the employment of labor in spring crops. This done, the worst crisis will follow Mr Jonathan Pim, famous for his labor in 1847, said to-day the worst time will be the last fortnight in May, all through June and the first two weeks in July. This statement is confirmed by experience and is also the opinion of every authority on the subject.

Government Improvements of Bombastic Bounds.

Much doubt is expressed regarding the value of government measures for relieving the distress by lending money for improvements These works have been given to contractors who do not employ the untrained and enfeebled poor for whose benefit the works are intended but only men who can do best work for wages. The temptation to bad landlords to wring rent from tenants as shown by the following correspondence noted from a Derry paper issued by a landlord who received a grant from the government for improvements

"Those tenants who wish to have improvements made on their holding, either drainage, fencing or roads, are informed that upon proper application money will be advanced but the tenant must agree to one shilling for every pound spent added to his rent, such increase to commence Nov. 1881

Conversation at the Door.

Letters and reports from various localities show a sharp conversation at the doors in the hands of bailiffs. In County Donegal the number of distressed receiving relief has increased to 66,000 and in County Mayo to over 87,000 by actual count

FARMERS IN RUSSIA

Reports of Terrible Distress

PARIS, Feb. 21 A letter from St. Petersburg says there is news from the interior of the famine of heartrending fearfulness. Depot aid is diminishing the population The provinces of Saratoff and Kief, which annually export in ordinary times enormous quantities of grain, had scarcely any crop last year The calamity is aggravated by want of fodder for the cattle and the peasants are being forced to sell them. In Caucasus the famine is still greater, the people are committing suicide and selling their children

CALIFORNIA.

Testing the Chinese Question.

SAN FRANCISCO, Feb 21. A warrant was issued yesterday for the arrest of Thurston Parrott, of the firm of Parrott & Co., for employing Chinese in the service of the Sulphur Bank Quicksilver Mining Co, of which Parrott was the President The case is made up to test the constitutionality of the act of the Legislature prohibiting corporations from employing Chinese.

FROM WASHINGTON.

Congressional Temperance Society.

WASHINGTON, Feb. 22. The 48th anniversary of the Congressional Temperance Society was held at Foundry Methodist Episcopal church last evening. Senator Wadleigh presided in the absence of the now, by elected President Secretary Thompson. Addresses were made by Messrs Dawes and Williams of Massachusetts and appropriate resolutions were adopted.

The National Democratic Committee.

The all absorbing topic of the evening at a meeting of the National Democratic Executive Committee to-morrow morning. The lobby and corridors of Willard's Hotel were thronged this evening and nothing from the undoubted discussion on the point is heard the question of where the National Convention shall be held seems almost paramount to who shall be the Presidential candidate. A strong delegation is present from Boston, and while making no particular claim they offer the largest hospitality and best accommodation the city can afford, should the committee decide to compromise conflicting views by selecting that city it would be at least a guess to predict the action of the committee to-morrow, but it may reliance may be placed upon current estimates of the average of views expressed this evening it may be assumed that the chances are in favor of Cincinnati as against either Chicago or St. Louis. The general impression seems to be that June 15th will be selected as the date for holding the convention.

NEW YORK DELEGATES.

Many Instructed for Blaine.

Severe Opposition to the Unit Rule.

NEW YORK, Feb. 21. Reports of the elections of delegates to the Republican State Convention from all parts of the State to day show an exceedingly large number opposed to the unit rule and a great many instructed to vote for Blaine delegates at Chicago. An equally large number go to the convention with the vote of their constituents against any instructions as to their course in choosing delegates to the National Convention.

Two Blaine Districts.

WATERTOWN, Feb. 21 Delegates from the first district of St. Lawrence County and five districts of Lewis County are all for Blaine. Those from Chemung are for Grant.

George William Curtis Defeated

At the Republican Convention at Staten Island to-night to elect delegates to the Utica Convention the name of George William Curtis was defeated and he will not go to the convention.

VIRGINIA.

Readjusters in the State Debt—No Prohibition—Gov Payne.

RICHMOND, Feb 21. The Senate to-day, by a vote of 22 to 17, bill accepted payment and each voting with his party, passed the debt bill agreed upon by the Readjuster's caucus and put forth under the patronage of Senator Riddleberger. The bill refunds the principal of the State debt to about $20 000,000 and interest to 3 per cent, the bonds to be taxable and coupons not receivable for taxes The bill now goes to the House where according to a resolution of the Readjusters' caucus will be amended by striking out the clause which now appropriates part of revenue to meet the interest and extinguishes the principal. No special fund is to be created for such purposes, but money in the treasury not otherwise appropriated is to be devoted thereto

CONDENSED DESPATCHES.

Windsor, Vermont, elected three Edmunds delegates Saturday.

Freight trains are running regularly across the ice-bridge over the St. Lawrence at Montreal.

The correspondent of the London Times at Bucharest reports that Greece has recognized the independence of Roumania

A despatch from St Petersburg states that the commander of the Palace has been placed under arrest.

A boarding-house keeper at 82 Florence street, Boston, two of whose lodgers have been missing eight days opened their room and found one of them H C. Marshall dead with a pistol in his head. From articles found in his room it is thought the two men were robbers and that one was murdered by the other in a quarrel.

THE WEATHER.

WAR DEPT., OFFICE CHIEF SIGNAL OFFICER, [Washington, D. C., Feb 21—11 A. M.]

Indications.

For New England: Falling barometer, warmer southerly winds, snow, rain, cloudiness and occasional snow, followed by colder westerly winds and clearing weather.

It is expected that Mr D. R. Locke (Petroleum V Nasby) will return to the city anon to day and attend the entertainment this evening.

H. J Nickerson, Esq., formerly County Treasurer, has received an appointment as clerk on the Valuation Commission and starts for Augusta this morning

N. S Harlow is now raising flowers with natural stems and can furnish bouquets without wires if preferred. Orders left at his store will receive prompt attention

A gentleman who returned from the West Branch last week informs us that there was about a foot of snow at that time and that the logs were coming in fast.

This being a legal holiday the post office will be open from half past eight until half past ten this morning and the usual time after the arrival of the western mail this evening

Fannie Fielder, of Lewiston, has been appointed stenographer to the committee appointed to investigate the action of the late Governor and Council in regard to the late counting-out business.

The entertainment of E H Beale Post No. 11, G A R., extend a general invitation to the public to unite with them in celebrating Washington's birthday by a ride and dance at Kenduskeag this evening

The Maine Fish Commissioners, Messrs Stilwell and Smith, have forwarded an application to Prof Baird, at Washington, asking for one million young shad to be placed in the Penobscot river during the coming season.

An amicable adjustment of the suit against Zachariah Chaffee, of Providence, R. I., Trustee of the A. & W. Sprague Manufacturing Company, of Augusta, has been made by the Fishery Commissioners of Maine, by which Mr. Chaffee binds himself to complete the railway, as ordered by the Commissioners, through the dam at the Sprague Mills, in Augusta, by the 15th day of May, 1880

Deacon Thompson as "Joshua Whitcomb," in a dramatic attraction that has been long looked for by our amusement loving public The announcement of his appearance will soon be made. To illustrate the great "draw" of this attraction, we understand that for the appearance of "Josh" in Lynn, Mass., March 1-3, the sale of seats was opened two weeks in advance, the sale the opening day amounting to over $700

FARMERS of Hermanville, Penobscot County Council, P. of H., met with Queen City Grange in this city Saturday forenoon and afternoon. A large number were in attendance and matters of interest to the members of the order were discussed. The reports from the different granges were of a very satisfactory and encouraging nature. J. M. Freeman, Esq., of Veazie, explained and advocated the benefits of the Patrons' Mutual Aid Society, in a very able and convincing manner.

RESIDENT OFFICERS. Mr. Joseph F. Snow, of this city, has offered president as follows: To the boy in Penobscot county, under eighteen years of age, who shall raise the most potatoes on one eighth of an acre of land in 1880, a five dollar gold piece. To the boy who shall raise the next largest quantity, a three dollar gold piece. To the boy who shall raise the next largest quantity, two one dollar gold pieces, and to the member of the Penobscot County Farmers' Club who shall raise the most potatoes on one-quarter of an acre of land, a five dollar gold piece.

LAWRENCE BARRETT. It is a very rare occurrence that our citizens have the opportunity of hearing so eminent an artist as Mr. Barrett on our own stage. The Bostonian Club have been trying for the past two years to induce the distinguished actor to visit Bangor, and have finally succeeded in effecting an engagement for his appearance on Friday evening next in one of his greatest impersonations, the character of "Yorick, the Comedian" in W. D. Howell's new play, entitled "Yorick's Love." The sale of seats will commence at Bugbee & Co's., to-morrow morning. There should not be even standing room left by Friday evening.

THE NEW HARTFORD BOILER EXPLOSION. Our Orono correspondent writes that the running of Ether Page of that town, killed in the boiler explosion of the mill, near Gorham, N. H., last Tuesday, were brought home Friday last and buried on Saturday. The Coroner's inquest was held Thursday and the verdict had not been rendered when the body was sent home in charge of one of his sons who was at work near by. The explosion was fatal and demolished the mill leaving nothing standing save a part of the ends of the mill. It is reported that the boiler was thrown outside by the engineer who had been in charge till within two weeks of the accident, when he left preferring to work longer. The engineer in charge at the time of the explosion had not much experience as an engineer and perhaps was not aware of the facts in the case. Mr. Page was killed while at work at a single saw and the body was found there, while that of his companion was found thirteen rods distant.

BANGOR REFORM CLUB. At the regular Sunday afternoon meeting of the Bangor Reform Club, City Hall was filled to its utmost capacity. The meeting opened with reading the Scriptures by Prof. Hamlin, followed with prayer by Chaplain Spencer. Remarks were made by O. H. Hinckley, of the Hampden Reform Club; also by President Montgomery, Sheedy, Dodge, C. A. Page, Stevens and Hunter of the Club, followed with interesting remarks by Mrs. Frumlin, Mrs. Randall and Mrs. Crossman of the Crescents. The meeting closed by the choir singing "Gospel Trumpet."

BANGOR & BAR HARBOR STEAMBOAT LINE. We understand that the Bangor & Bar Harbor Steamboat Company intend to run one of their boats between this city and Bluehill the coming season. The managers are now considering the most feasibility of placing the Key Field on the route at once between Bucksport and Bluehill, to connect with the Bucksport & Bangor Railroad. There is no reason why Bangor should not furnish a large part of the supplies used at the latter place, and a direct communication would be a great convenience to the traveling public. The Key Field is now at Bucksport all ready to be placed on the route should they decide to put this new arrangement in force. She will make a trip from this city to Bluehill just as soon as the ice leaves the river.

GOOD TEMPLARS. Mt. Blue Alcove elected officers of Kenduskeag Lodge, No. 128, I. O. of G. T., at Medway held recently the following, officers were installed by L. D. Wm. R. Averill: J. R. Cromwell W. C. T.; Lillian Fisk, W. V T; Wm R. Averill, W. S; Wm. E. Hopper, W. F. S; Ada Mayberry, W T; Elma Gilpatrick, W. M.; Sarah Logue, W. D. M, Ida Hall, W. A. S.; A Docherty, W. C. T; Laura Lee, W. I. G; Anna Lee, W R H S; Ida Jones, W. L H S, John Hall, Jr., P W. C. T Our lodge now numbers about thirty members and as it is a new lodge, and all new members are coming in every night, it is in a flourishing condition, and we are in hopes that our lodge may be the result of reclaiming many, and saving others from falling, from the use of intoxicating drinks

STATE REFORM SCHOOL Dr George A Lewis, a member of the present House of Representatives, from Springfield, gave a very interesting and profitable lecture to the boys of this institution on temperance Thursday evening last A large per cent. of the boys of the school can truly say that strong drink has thus ruined the happiness of their home and consequently they have been obliged, through their wayward habits, to find a home in an institution of this character. Frequently during the Doctor's remarks the boys were moved to tears, and at the conclusion of his lecture he urged them to repay him for his efforts by promising him never to use intoxicating liquors in any form. In response to the speaker's earnest request, the entire school, numbering one hundred and twenty-eight boys, pledged themselves against the use of strong drink.

THE ORONO EXCURSION A occasional correspondent writes from Orono that an amateur company from this city presented "Poor Pillicody" in the Town Hall there Friday evening to a good sized house. The play was exceedingly well rendered and gave great satisfaction to the entire audience. About a hundred persons from among the best people went up from this city by special train and most of them joined in the dance after the play, which was kept up till quite late and was thoroughly enjoyed by all present. The ladies especially enjoyed the dances. The selections being quite popular and one of them called the attention of your correspondent to the fact that long dresses in the ball room were now quite out of fashion much to their relief All the ladies and gentlemen declared at the close that they had been one of the most enjoyable occasions of the season and entirely satisfactory

"WIDOW BEDOTT" TO NIGHT Neil Burgess and company arrived in the city yesterday morning, and are stopping at the Bangor House. To night they will present "Widow Bedott" for the first time in Bangor audience. The advance sale of seats has been very large, and Norombega will be filled to its entire capacity, so all who have not secured seats will do well to go early. Doors open at seven o'clock The following from the Argus shows how the play was received in Portland on Thursday evening last If almost constant and unrestrained laughter, enthusiastic applause and a large audience are any criterions from which to judge of the acceptability of a play, then Widow Bedott, to the most acceptable of all pieces. Neil Burgess gives a more perfect exhibition of a certain type of female character than it is possible to imagine could be represented Nothing like it has ever been seen here, and probably will not again for years to come. By all means go and see the Widow Bedott, at the theatre to-night.

FOR THE LADIES. The fashions for babies are now of almost as much importance as those of ladies. Stylish stockings for children are of silk in solid colors, to match the ribbons on their dresses Polka dots on silk hosiery for children are also liked. Pretty shopping bracelets have pencils attached, either silver or gold, and are often richly jewelled. The yellow Tuscan braid promises to be the favorite braid for spring hats and bonnets. Wide side-plaitings finish the bottoms of the skirts of new costumes, the plaitings being from fourteen to eighteen inches in width. Canton crepe is one of the elegant new materials. It is very narrow, and costs two dollars a yard. Canvas silks, almost as thin as grenadine, are among the summer fabrics. They come in half-inch stripes of gray brocade on white, separated by stripes of garnet, peacock blue, or brown. The newest handkerchief dresses, instead of the gay bandana plaids of Madras cloths, have the centre plain and of a single quiet color, while the gay striped border is of some color that contrasts prettily with it. A gray-blue centre will have a rose-pink and white striped border, or a black and white checked centre will have a pink or blue border. The squares are not cut apart, yet the fabric is sold by the square for fifty cents each, and about twenty handkerchiefs are required for a costume.

THE PROCTACOUS SLAIN CONTROVERSY. Mr. David R. Straw, of Guilford, went to Boston on Thursday, and while there was arrested on a writ in favor of Wm. J. Sutherland, who claims damages in the sum of $70,000 for an alleged conspiracy on the part of Straw and others to injure the reputation of Sutherland, in consequence of which he (Sutherland) claims to have sustained serious losses in a state enterprise in which he was interested in Maine. Mr. Straw was committed to jail, failing to procure bail in the sum of $70,000. Friday morning he was brought before Judge Lord on a habeas corpus, for the purpose of having the bail reduced. At the preliminary hearing it appeared that Sutherland had previously brought a suit against Mr. Straw in this State for $200,000, and Judge Fox dismissed the bond at $2,000, and that just before commencing a suit in Massachusetts Sutherland had discontinued his Maine suit. In view of this Judge Lord was doubtful if Mr. Straw should be required to furnish any bail, and reserved his decision till Saturday, when he reduced the bail to $500, which was furnished and Mr. Straw returned to Maine.

SUPREME JUDICIAL COURT.

FEBRUARY (CRIMINAL) TERM.

HON. JOHN A. PETERS, Justice Presiding.
S. H. MACE, ESQ., County Attorney.
RUEL SMITH, ESQ., Clerk.
WOODBURY PULSIFER ESQ., Stenographer.

Saturday, Feb. 21.

Court came in at 10 A. M.

In case of Geo. H. Hynes vs Orono in arrest of judgment was filed; motion was overruled and exceptions to ruling filed and allowed. Respondent recognized in the sum of $1500 with sureties for his appearance at the next term.

Hugh McHugh paid $25 on an old search and seizure complaint and was discharged.

Patrick McAdam agit., complainant assault and battery, paid $10 and recognized in the sum of $50 for appearance at next term in default of payment of another $10 before tenth day of next June.

In case State vs. Morris Mahony for search and seizure principal in bail defaulted.

Alexander McKeese recognized in the sum of $500 for appearance next term. Case was an appeal from the police court on a search and seizure process.

Court adjourned finally at 12 30 o'clock.

OBITUARY.

Death of William O Crosby, Esq.

Another of our old and prominent citizens, William O. Crosby, Esq., died at his residence on 14th street, at about six o'clock Saturday evening. Mr. Crosby has been in poor health for some time, but his last sickness was of short duration, he having been confined to the house only a little over a week.

The subject of this notice was born in Dover, New Hampshire, on the year 1807, and came to Atkinson, Piscataquis County, with his father, when a mere youth. He resided there until he was of age, when he came to this city where he entered into the mercantile business. After residing here some years he again returned to Atkinson and carried on the farm for a time, and being a shrewd practical man he was very successful in this pursuit.

When he again took up a residence in this city he applied himself to the law, was admitted to the Penobscot Bar and afterwards formed a partnership with Daniel F. Jewett, Esq These business relations were continued until Mr. Jewett withdrew from the firm and moved to San Francisco, since which time Mr. Crosby continued the practice of law until his death.

During his long residence in this city Mr. Crosby was repeatedly elected a member of the City Government, having served in both branches with marked distinction. In all matters coming before the two boards he carefully guarded the best interests of the city, and being a man of undoubted ability and strict integrity his opinion was always highly respected.

The deceased was twice married and is survived by his second wife and four children, three sons and one daughter, who have the sympathy of their many friends in this sad affliction

Business Notice.

JOSEPH A. EVANS, At Clinton, N. B., thus writes to Mr. Fellows: "I believe under kind Providence, that Mr Fellows Compound Syrup of Hypophosphites has been the means of restoring both my wife and daughter. The latter from Tubercular Consumption and I hope the afflicted will avail themselves of its use." eod&w feb23

Our sales of *Atkinson's Boreal Balsam* increase every week. If the ship as ten grows immediately. If our sales continue to increase in future as they have in the past, we shall have to buy ten gross a month

TWO ORGANS. Regulate first the stomach, second the liver, especially the first, so as to perform their functions perfectly, and you will remove at least nineteen twentieths of all the ills that mankind is heir to, in this or any other climate. Hop Bitters is the only thing that will give perfectly healthy natural action to these two organs. &bl3 d&w1w

CATARRH RADICALLY CURED.

If your head, nose and throat are filled with a burdensome mass of mucous, either dry or moist, thin or thick, white or yellow, and your eyes swollen and heavy, your head feeling unusually large, with a constant dull, heavy pain all through it, resulting from Catarrh, use DR BOSCHEE BRIGGS' CATARRH SPECIFICS. The mucous will be immediately discharged from the head, nose and throat, the eyes brighten and sparkle with delight; the head feels natural again; all pain has fled, and life once more enjoyable. Sold wholesale and retail. WM. E. MANN, F. J TANEY, J. F. PATTEN, W. L. ALDEN & CO., Bangor, Me.

CATARRH, ITS ORIGIN AND CURE.

Catarrh arises from deranged condition of the stomach, vitiated secretions of the blood, sluggish system, and impurity of the blood. Catarrh is like other maladies, of an advancing nature. There is a stage from which no power on earth can rescue the victim, that is after the lungs become decayed, or nearly so; hence the importance of seeking relief before it is too late Dr. Briggs has been remarkably successful in curing catarrh, hayfever, throat, bronchitis, consumption, etc., and adopts the most approved treatment to the various cases presented. The Medicated Oxygenated Vapor and apparatus for using, together with other remedies necessary to effect a cure, are furnished, to the patients Try Briggs' specialties.

From E Frank Swan, one of N. H. Swan, Jewelers, 154 Water St., Augusta, Maine.

I have been troubled with Asthma for twelve years, and have employed skilful physicians of Boston, also two of the leading physicians of Augusta, without effect I have left nothing of this trouble since taking *Adamson's Botanic Cough Balsam* feb14 TWSdW

Well, I declare, how dado, Josh? I am so glad to see you, how's the old woman? She is right smart now, but she was awful bad to'ther day with her pesky bunions She got some of Dr Josiah Briggs' tremendous popular Bunion Balsam (at the drug store), and she's as spry as a lobster ever since Do tell, I must get some for mum, she can't walk a bee to church, where did you get it? O, I the drug stores have got it, and they never saw the like Folks from all parts of the country are after it and are delighted that they have already raised subscription to build a cobble stone monument for the inventor Trial Sold wholesale and retail by WM E MANN, F J TANEY, J F PATTEN, and W L ALDEN, Bangor, Me

Try it and be convinced. Sold by dealers generally. Price 25 cents. Trial size

SUICIDE!

Its Cause and Its Great Increase.

Who Is Safe from Their Own Hands?

The Will, Passions, Desires, Motives, Fears, Hopes,

ALL HAVE THEIR ORIGIN IN THE NERVOUS CENTERS.

How Important then that the Nervous System should be Healthy, and Maintained at Strength or Weakened in the least.

So suicide is rapidly on the increase, but there is a cause for it. The act is never committed by persons who are fully responsible. Like insanity in other forms, it is the result of disease, and that disease is nervousness, in some form or other, in nearly all cases. Despondency is one of unmistakable symptoms. Suicidal tendency is as much a disease as paralysis or neuralgia, and as much an object of treatment. Nervousness is a cruel thing, indeed. Who is safe from their own hands while in the condition? And recent facts not also where families are dark when the minds of persons become so deranged by nervousness and depression as to take the lives of their own offspring? When we remember how many heads and throat minds that have fallen victims to their own hands, we should also remember that, if we are nervous or of a nervous temperament or family, it is dangerous to us that we cannot counteract yourself but begin now, while you can do something for yourself if you are nervous, or to prevent it if you are threatened with nervousness. You will ask, "What shall I do?" I will answer that Dr. Benson's Celery and Chamomile Pills will cure nervousness and certainly cure nervous diseases. They have cured many cases where everything else has failed, and in cases that have been considered hopeless by the best physicians of this country and Europe. They are, perhaps, the most valuable discovery of the present day for the relief of nervousness, and in many cases they are the only remedy that will cure. Don't neglect yourself, but get a box of Dr. Benson's Celery and Chamomile Pills and be cured. They are certainly cure nervous diseases. They have cured many cases where everything else has failed, and in cases that have been considered hopeless by the best physicians of this country and Europe. They are, perhaps, the most valuable discovery of the present day for the relief of nervousness, and in many cases they are the only remedy that will cure. Don't neglect yourself, but get a box of Dr. Benson's Celery and Chamomile Pills and be cured.

Dr. Benson's Celery and Chamomile Pills for the cure of nervousness, nervous headache, nervous prostration, nervous neuralgia, nervous dyspepsia, and all nervous diseases. They have cured many cases where everything else has failed, and in cases that have been considered hopeless by the best physicians of this country and Europe. They are, perhaps, the most valuable discovery of the present day for the relief of nervousness, and in many cases they are the only remedy that will cure. PENOBSCOT, ss. At the Supreme Judicial Court begun and held at Bangor, within and for the County of Penobscot, on the first Tuesday, being the 4th day of January, A. D. 1870.

John B. F. Whidden, of Bangor, in the County of Penobscot, Plaintiff,

vs.

William H. Smith of Brooklyn, in the County of Kings, and State of New York, Defendant.

In a plea of the same, for that the said Defendant at said Bangor, on the 20th day of August, 1870, hired of the Plaintiff a horse and wagon of the Plaintiff, and drove said horse and wagon from said Bangor to Belfast, in the County of Waldo and back to said Bangor, and then drove said horse and wagon from said Bangor to Dixmont, in the County of Penobscot and back to said Bangor, and then drove said horse and wagon from said Bangor to Hampden, in the County of Penobscot and back to said Bangor, and then drove said horse and wagon from said Bangor to Orrington, in the County of Penobscot and back to said Bangor, and then drove said horse and wagon from said Bangor to Brewer, in the County of Penobscot and back to said Bangor, and then drove said horse and wagon from said Bangor to Bucksport, in the County of Hancock and back to said Bangor, and then drove said horse and wagon from said Bangor to Orland, in the County of Hancock and back to said Bangor, and then drove said horse and wagon from said Bangor to Ellsworth, in the County of Hancock
